## Profile

Creative and detail-oriented Graphic Designer with hands-on experience in visual branding, social media design, editorial layout, and digital content creation. Currently leading the Creative Division at a university media organization, where I develop consistent visual identities across digital and print platforms. Passionate about transforming ideas into impactful visual communication while maintaining high design standards, effective collaboration, and timely project delivery.

## Professional Experience

### Head of Creative Division (Art Director) BP2M Universitas Negeri Semarang

2025 – Present

- Lead the Creative Division in developing a consistent visual identity across social media and printed publications.
- Establish brand consistency through standardized color palettes, typography, layouts, and design guidelines.
- Design engaging visual assets, including social media content, promotional posters, banners, and editorial publications.
- Supervise and mentor creative team members by implementing structured workflows and maintaining high-quality design standards.
- Collaborate with editorial and organizational teams to produce visually compelling communication materials aligned with organizational objectives.

### Student Reporter BP2M Universitas Negeri Semarang

2024 – 2025

- Produced informative news articles by applying journalistic writing standards and editorial best practices.
- Conducted interviews, gathered reliable information, and transformed findings into engaging news stories.
- Collaborated with editors to ensure content accuracy, readability, and timely publication.
- Developed strong communication, research, and storytelling skills through field reporting and newsroom collaboration.
